

Summer Activities

Picnic at the park

Go for a picnic at the park. Maybe you could arrange to meet some of your friends from your old class or from your new class at the park and have a picnic together. Can you help your mum or dad to make your picnic lunch? What is your favourite thing to eat on a picnic?

Bike Ride

Go for a bike ride with your family. If you don't know how to ride a bike maybe you could use the summer holidays to learn and practise. Remember to take lots of pictures of places you visit over the holidays.

Make home-made ice lollies.

Use an old water bottle, ice-lolly moulds or an ice-cube tray to make your own ice-lollies. You need to make some diluted squash with water and pour it into the mould. Share your yummy ice-lollies with your family!

Car Wash

Could you help your parents out by washing their cars? Make sure you use warm soapy water and a good sponge. You will need a hose to rinse the bubbles off. Don't forget to splash whoever is helping you!! Watch out...they might splash you back!!

White Rose maths practise

Use this link to get free summer maths workbooks from White Rose. You can download them and print them, or they can be downloaded onto a Kindle or tablet. This will help you refresh your memory for September.

Go on an alphabet hunt

When you are out for a walk, write a list with all the letters of the alphabet. Can you find things that begin with each letter? Write them all down or draw a picture.

Summer Reading Challenge

Can you complete the summer reading challenge with the Silly Squad? This year the Silly Squad have some really funny books for you to read. Visit www.sillysquad.org.uk to access lots of fun and FREE resources. Parents visit www.summerreadingchallenge.org.uk/parents-carers for details on how to complete the challenge.

We hope you have a lovely summer holiday! We have loved teaching you this year and we were really sad that we didn't get to teach you for the whole year. Have a lovely rest over the holidays and enjoy trying some of these activities. Make sure you get lots of fresh air and make special memories with your family. We are really excited to see you back at school in September! 😊
